**Cruising in NW Spain 2015/2016**

*Ambler of Arne* - Tradewind 33

ROSC members, John and Linda, have spent the last two seasons sailing their yacht, *Ambler*, in the rias of NW Spain. In this presentation with mostly videos and some photos they will cover the following topics:

- ) Planning their cruising intentions and the preparations required.
- ) The problems the crew of four experienced just before cast off from Portsmouth in May 2015.
- ) Crossing the Bay of Biscay from Salcombe to Baiona (Galicia NW Spain) June 2015

To cruise in Galicia is to experience its geography, beautiful coastlines, pleasant climate and good sailing conditions. The rias, together with the many beaches, anchorages and marinas offer a variety of sailing opportunities for the cruising sailor.

Galicia is a region steeped in Celtic culture and rich in places of interest and entertainment.
