

Reading Offshore Sailing Club

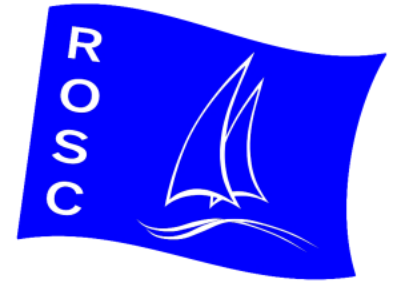

PHOTO COMPETITION 2020

**Following the AGM on
3rd November**

With the 2020 sailing season just around the corner and following the success of last year's competition the Committee are pleased to launch yet another Reading Offshore Sailing Club Photo Competition. There is no formal submission date as long as the pictures are available the day before the AGM on the 3rd November.

If you manage to take any great pictures of any 'on the water' activity or club event we would love to see them. Once again we will be looking not just for the BEST PICTURE of the year but in addition there will be awards in different categories so don't worry if your pictures are not up to David Bailey's standard (David Bailey?) as we also want to capture some of the most interesting SAILING MOMENTS of our members. If you have a picture of a great achievement or something amusing that happened to you or perhaps a picture that captures something that went wrong we want to see it and share it with our members.

After the formal business of the AGM is over we will set up the projector and show all submissions and if possible get a few words about the photograph from the submitter before we ask all present to vote for their favourite in a number of categories.

The competition will run over the whole season and pictures can be submitted by any member right up to the day before the AGM by email to secretary@readingoffshore.org.uk or via our WhatsApp group. If you have any questions please let Steve Giggs know.

Some of our 2019 Competition Winners
