

Reading Offshore Sailing Club

VISIT TO HM COASTGUARD HELICOPTER UNIT AND HOVERCRAFT MUSEUM AT LEE-ON SOLENT

A full days trip has been arranged to the HM Coastguard Helicopter Unit and the Hovercraft Museum at Lee-on-Solent for :-

Saturday 18 April

The helicopter base is not normally open to the public so this is a special opportunity to be shown round the helicopters and the operation room in an hour's visit.

Please be aware that the tour will be done by operational staff so this visit is subject to disruption

or cancelation in the event of an incident.

The Hovercraft Museum is just around the corner on the sea front where you can see various historical models and even ride in a working Hovercraft.

A pub lunch will be arranged during the day.

It is proposed that the Club hires a minibus for the day to transport up to 16 members down to Lee on Solent and back again.

The plan would be to meet in Woodley at 08:30 to leave in time to reach Lee on Solent by 11:00. Return would be around 18:00

The cost to enter the Museum is £8 per adult (concessions £7) plus additional costs for hovercraft rides if available. Cost of the minibus would be around £10.

If you are interested in joining this trip please let Dave Turner know as soon as possible as spaces will be limited: commodore@readingoffshore.org.uk
